- **Acryl Classic Top Coat 2K Klarlack HS 2:1/Classic 2K HS Hardener Härter HLHN/HLHS**  
**APP No. 020111, 020112, 020321-020324**

APP 2K HS Acryl Klarlack Classic 2:1 is a double-component acrylic top coat HIGH SOLID Class that offers high gloss. It features with good flow and leveling properties and transparency. UV filters provide durability of base coat. When used along with HLHN/HLHS hardeners and APP 2K Verdunnung thinner, APP 2K HS Acryl Klarlack Classic top coat may be used at wide range of temperatures and offers different top coat structure. Upon hardening it offers easy polishing. It may be used with water-thinnable and traditional basecoat paints.

**Use.** It is purposed for repairs of car bodies and its particular components to provide top coat of car body double-layer coat applied during repairs. It may be used with water-thinnable and traditional basecoat paints. Caution! Use only hardeners purposed for APP 2K HS Classic Harter XLHN/XLHS clear top coat and APP 2K Verdunnung AVN/AVS thinner for acrylic top coats.
