

# APP Wide Tape

Self-Adhesive Foam Tape

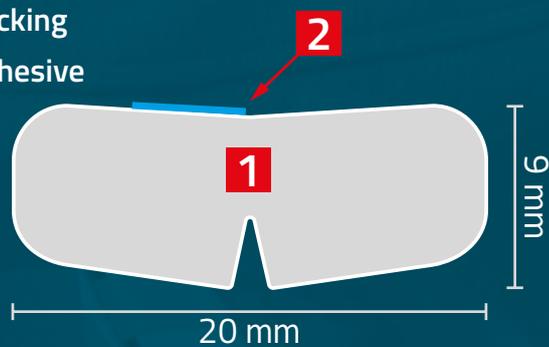

APP Nr 070358

## APP Wide Tape

Multi-purpose elastic self-adhesive foam tape purposed for masking door, bonnet and tailboard clearance and car body.

It provides a soft and smooth transition when painting edges and styling features.

- 1 Backing
- 2 Adhesive

# APP Wide Tape

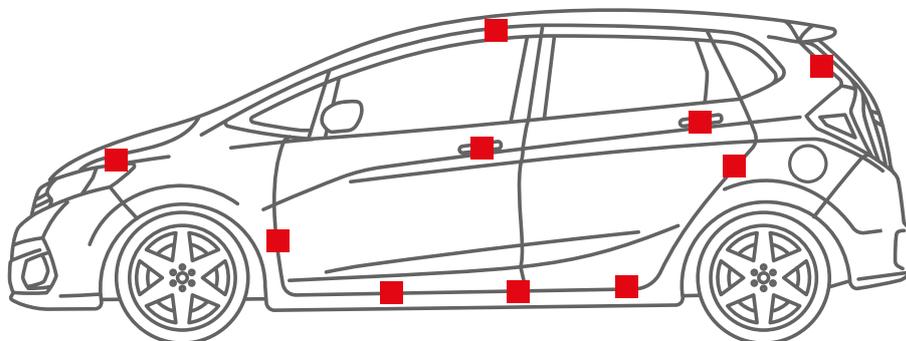

## Self-Adhesive Foam Tape

### USE AND ADVANTAGES:

#### FIELDS OF USE:

- Door clearance,
- Clearance between the bonnet and recess,
- Clearance between the tailboard and recess,
- Door handle.

### ADVANTAGES

+	Efficiently prevents top coat penetration inside the vehicle.	+	Provides a smooth transition between a fresh top coat and the protected surface.	+	Does not leave adhesive deposits after removal.	+	Resistant to high temperatures, solvents and lacquers used during painting.
+	Resistant to high temperature (up to 95°C).	+	Asymmetrical adhesive coat to mask the clearance.	+	Elliptic shape that masks clearance better than a round one.	+	Central perforation to facilitate adhesion to irregular surfaces.
