• **NTools PP Wheel**  
Transport wheel

**NTools PP Wheel** is a polypropylene transport wheel. Large outside diameter and wide tread allow the wheel to be moved freely on each surface type. The wheel has a special ribbing which reinforces the whole structure and provides high aesthetic qualities of the product.

**Application:** NTools PP Wheel is a replacement part for NTools rotary trolleys and stands available in APP offer.

**TECHNICAL SPECIFICATION:**

- Material:** polypropylene (PP)
- Overall diameter:** 180 mm
- Hole diameter:** 12,5 mm
- Tread width:** 50 mm
- Weight:** 305 g
- Maximum load:** 40 kg
