

## APP no. 220287 APP SW Blade Silicone water wiper

The **APP SW Blade** silicone wiper is designed for initial and quick drying of vehicle bodies. Thanks to its properties, it does not scratch painted, glass, and plastic surfaces.

**APP SW Blade** has an ergonomic handle and the "pen", i.e. the working part, is very delicate and flexible. Thanks to this, it adapts to almost any unevenness of the body surface, leaving no streaks.
