• APP Foaming Gun

APP No. 231708

APP Foaming Gun is a professional foam generating device. It is perfect to apply foam both on car body and upholstery as well as anywhere if limitations apply with regard to water use. Special nozzle provides dense and uniform foam, while easy operation enables to apply foam evenly on a cleaned surface.

The set includes:

- 1 Nozzle with gasket: 34 and 58mm wide
- 2 Quick coupler end (3 items available)
- 3 Spare tank screw cap

Recommended preparations:

- APP INNER Cleaner
