

• NTools Glue Cutter Glue Cutter

NTools Glue Cutter made from high quality steel is a sharp cutter that features with toothed blades. Double-sided cutter allows quick cutting of glue or any reinforcement with gently serrated blade or densely serrated blade. Cutter is provided with 27cm long flexible blade and profiled handle that ensures a firm and comfortable grip. A sharp tip allows penetration through soft and hard glue used widely in automotive industry. Chrome -coated finish ensures resistance to corrosion, abrasion and oxidation.

NTools Glue Cutter is a perfect tool for car body repairs with PDR system and indispensable one for PDR professionals.
